

DURABLE AND TIMELESS OUTDOOR FURNITURE

Our story began in the 1930s when Henri Inderchit, a manufacturer of doll chairs, responded to a café owner's request to furnish his terrace with full-sized director's chairs. **The F101 chair was born.**

The director's chair gained widespread popularity in the 1950s and became an iconic piece of furniture. It was during this period that Louis, Henri's son, **created the famous red terrace of Le Sénéquier.** A partnership between our two houses that has endured for more than seventy years.

In 1989, with the arrival of the third generation, the family adventure evolved into AZUR CONFORT.

Since its acquisition by Raphaël Voisine in 2016, Azur Confort has become a leading name in wooden outdoor furniture. Today, we offer hospitality and food service professionals **a complete range of furniture, made in France** and designed with an eco-conscious approach.

Azur Confort provides comprehensive support for the design and furnishing of your outdoor spaces.

■ SUSTAINABLE AND CUSTOMISABLE FURNITURE

From the very first stages of design, Azur Confort furniture is engineered for durability and reduced environmental impact—an approach we define as **sustainable furniture**.

To manufacture our furniture, we use European wood species (robinia, beech, and chestnut) sourced through local supply chains. This choice significantly reduces the environmental footprint of our products.

Our foams and fabrics are selected for their technical performance and exceptional quality. To achieve this, we work with **local partners who are experts in their fields** and who share our commitment to keeping supply chains as short and responsible as possible.

Colours, fabrics, screen printing, and more...

Customising your furniture allows you to **create a unique terrace that reflects the identity of your business**.

F104 DIRECTOR'S CHAIR

Its iconic silhouette continues to brighten terraces everywhere!

HERITAGE DIRECTOR'S CHAIR

The director-style chair closest to the original 1930s design. Its distinctive feature: angled slats that add a touch of character.

F204 DIRECTOR'S CHAIR

A simple, minimalist model. Like the F104, its foldable design allows for quick setup of your terrace.

TRIANGLE TABLE

Ideal for terrace brunches, its original triangular shape accommodates two director-style chairs.

DINING TABLE

A simple and sturdy table, built to stand the test of time. Also available in round and rectangular versions, seating up to 12 people.

SEOL COLLECTION / The wooden terrace

LOUNGE CHAIR

A low, spacious-seated armchair, perfect for relaxing, enjoying breakfast, or having a drink.

LOUNGE SOFA

Used alone or paired with the lounge armchair, this generously sized two-seater bench is perfect for a moment of relaxation.

3-LEGGED STOOL

Inspired by our ESTIU round stool, the three-legged stool is ideal as an extra seat and perfectly complements relaxation areas. It is now also available in a high four-legged version, with heights of 62, 75, or 82 cm.

RECTANGLE COFFEE TABLE

This coffee table offers a generous surface, ideal for lounge areas designed for convivial moments.

DECKCHAIR

With its natural rocking system, our deck chair offers optimal comfort for all body types.

FOLDING STOOL

A lightweight and practical stool that folds and can be taken anywhere. When paired with the deck chair, it becomes a comfortable footrest.

TRIANGLE COFFEE TABLE

The smaller sister of the triangle table, this coffee table is infinitely stackable for easy storage.

SUN LOUNGER

« Camp bed » sun lounger, foldable, lightweight and practical. Its triangular cushion can be quickly attached and removed for extra comfort.

■ FINISHES

LACQUER

Our signature finish: lacquer fully coats the wood, adding protection, shine, and colour to the furniture. We offer a palette of twenty colours to design your terrace.

WOODSTAIN

Stain enhances the natural appearance of the wood while protecting it. Less opaque and glossy than lacquer, it is available in light, dark, or coloured finishes for the DAIRI and RIVIERA collections, as well as service furniture.

OIL

Oil is a light finish that enhances the wood: it penetrates the surface with a subtle tint while protecting it from outdoor conditions.
